# Update

Step 1. Choose the list which you want to edit(Press the item).

The screenshot shows a mobile application interface for managing to-do lists. At the top, there is a list item labeled "Workout" in blue text, followed by a red-outlined rectangular button labeled "Remove". Below this is a large, empty white rectangular area. At the bottom of the interface, there is a text input field with the placeholder text "Add a Todo" and a blue-outlined rectangular button labeled "Add Todo". A large red arrow points from the left towards the "Workout" text.

# Update

Step 2. Edit the item after the input block demonstration.

The image shows a todo application interface with a list of items. The first item is "Workout" with a "Remove" button next to it. The second item is also "Workout". A red arrow points to the "Workout" text of the second item, indicating it is the focus for editing. Below the list is an "Add Todo" button.
